

IS YOUR INFUSION CENTER ADMINISTERING COVID-19 MONOCLONAL ANTIBODIES?

Make sure patients and prescribers can find you!

USING THE NICA COVID-19 ANTIBODY THERAPY LOCATOR:

The NICA COVID-19 Antibody Locator displays sites that have received allocation of COVID-19 monoclonal antibody therapeutics (CmAbs).

This dedicated site locator was created to connect patients and prescribers with CmAb administration sites and important information.

Each search result connects to a profile with site-level information.

By claiming your site's profile, your site can manage its own profile with useful information (even COVID-specific), including:

- A dedicated phone number
- Fax number
- Website
- Hours of operation
- Referral instructions
- Practice type & specialty
- Languages spoken
- Insurance plans accepted
- How to schedule an appointment
- *And more!*

The National Infusion Center Association (NICA) is a nonprofit advocacy organization formed to improve access to provider-administered medications.

See reverse for instructions

HOW TO CLAIM YOUR INFUSION CENTER

- 1 Navigate to covid.infusioncenter.org
- 2 Enter the site's zip code (or city/state) in the NICA COVID-19 Antibody Therapy Locator.
- 3 Find your site in the search result list or on the map, and click to open the site profile.
- 4 Click the "Claim this location" icon. Enter your email address and follow the prompts.

CLAIM YOUR LOCATION

- 5 Review the profile to ensure that, at a minimum, the following pieces of information are present and accurate:

- a. Phone number
- b. Fax number
- c. Accepts Outside Patients
- d. Website URL* (if applicable)

*Consider using the URL field to direct prescribers and patients to pertinent information relating to COVID monoclonal antibody therapy on your center's website, such as patient arrival instructions, required forms, etc.

- 6 If you are unable to immediately claim your profile to update your information, click on the "See info that needs an update?" button.

? SEE INFO THAT NEEDS AN UPDATE?

- 7 Use the "feedback" section to provide accurate and updated information. If applicable, please provide your work email address to help us validate that this feedback came from an authorized source.
- 8 Don't forget to return to the Locator to [finish claiming and editing your location profile](#).

Please email covid19@infusioncenter.org if you have any questions or require assistance.
