# THE PREMIER CONFERENCE FOR COMPANIES SEEKING CONNECTIONS IN THE INFUSION INDUSTRY

*Greetings, NICA Community!*

Thank you for your interest in the 2025 National Infusion Center Association Annual Conference (NICA 2025), the only conference focused on professional development for providers, practice managers, advocates, and other experts with a stake in the outpatient provider-administered medication market. NICA 2025 blends high-value learning and networking opportunities, an exhibit hall, and executive encounters between industry and infusion enterprises to create a one-of-a-kind experience focused exclusively on this unique and rapidly growing channel.

We are grateful for your support and ongoing commitment to supporting patients by preserving, optimizing, and expanding this critical delivery channel. Your continued investment in NICA and our annual conference empowers us to continue the fight to preserve access to the provider-administered medication market and ensure that it unlocks the value and cost savings potential of these life-changing medications. Explore this prospectus to find valuable opportunities to support and participate in the 2025 NICA Annual Conference.

Please reach out to us at [events@infusioncenter.org](mailto:events@infusioncenter.org) with any questions.

Sincerely,

**Brian Nyquist, MPH**  
President & CEO

# WHO WE ARE

The National Infusion Center Association (NICA) is a nonprofit trade association and the nation's voice for non-hospital, community-based infusion providers who offer a safe, more efficient, and more affordable alternative to hospital care settings for provider-administered medications.

## WHY NICA?

Our efforts are focused on delivery channel sustainability and expansion, buy-and-bill protection, maintaining net positive reimbursement, improving treatment adherence, and promoting patient safety and care quality.

We support policies that improve drug affordability for beneficiaries, increase price transparency, reduce disparities in quality of care and safety across care settings, and enable care delivery in the highest-quality, lowest-cost care setting.

## WHAT WE DO

NICA has been the nation's voice for infusion access since 2010, overcoming countless barriers to care, access obstacles, and threats to our nation's non-hospital, community-based delivery channel for provider-administered medications. Our team is focused on reversing the immediate threats that carry profound economic implications for providers and significantly reduce access to care.

Our goal is to help decision-makers understand the value of receiving provider-administered medications in non-hospital care settings and ensure that the community-based infusion center remains a safe, more efficient, and more cost-effective alternative to hospital care settings.

## REVIEW OF PREVIOUS NICA CONFERENCES

The NICA Annual Conference continues to see strong and continued growth. In June 2024, NICA welcomed over 1,100 market leaders and infusion professionals to the MGM Grand Hotel in Las Vegas. Specifically focused on the provider-administered medication channel, the support the NICA Annual Conference receives each year from the infusion distribution channel continues to be overwhelming. During the two-day event, attendees participated in over 24 sessions and round tables led by experts from some of the most reputable infusion thought leaders and operators in the industry. Attendees also had the opportunity to network with peers and colleagues during educational dinner programs, receptions, and through activities in the exhibit hall.

# NICA 2025: LEARN, NETWORK & GROW

The National Infusion Center Association Annual Conference is the only conference focused on the professional development of providers, practice managers, advocates, and other professionals with a stake in the medical benefit drug market.

Attendees will explore conversations critical to a successful infusion operation through our diverse breakout sessions and workshops.

## LEARNING OPPORTUNITIES

## CONTINUING EDUCATION

Prior to this year's conference, we are excited to offer a day of dedicated nursing management education on Thursday, June 19, with our "Foundations of Excellence" seminar. This full-day workshop equips nurse managers with advanced strategies for optimizing infusion nurse onboarding, implementing best practices in preceptorship, competency validation, and personnel management requirements. Participants will earn continuing nursing education contact hours while gaining practical tools and insights from experts to enhance their training programs and support nurses effectively. Whether refining existing processes or developing new strategies, this workshop will equip participants with the knowledge and skills needed to drive excellence within their teams.

Limited spots available. Inquire for sponsorship opportunities.

## BLEND EDUCATION & NETWORKING

# HOT IN 2025

In the exhibit hall, attendees will discover a diverse range of cutting-edge technologies, innovative industry professionals, and the latest advancements in medical and pharmaceutical products. The expo Innovation Center, new in 2024 and returning in 2025, will feature emerging solutions that streamline operations, enhance patient safety, and improve care.

Continuing nursing education contact hours will be available, allowing attendees to earn credits while gaining valuable insights from thought leaders and industry experts.

The NICA Infusion Center of Excellence (NICE) Experience will also return, providing an interactive look at the NICA Standards of Excellence and showcasing best-in-class products and equipment.

The Infusion Access Foundation's TOAST: Together for Treatment Gala will once again coincide with the NICA Annual Conference on June 19, 2025. IAF is our sister organization focused on ensuring that patients have robust access to provider-administered treatments. TOAST is a premier opportunity to network with industry leaders, learn about IAF's impact on patient access, and raise funds for patient programs.

# MEET US AT THE FONTAINEBLEAU MIAMI!

Since its grand opening in 1954, the Miami Beach Fontainebleau has been the place to see and be seen. When Fontainebleau's architect, Morris Lapidus, unveiled his plans nearly 60 years ago, he explained:

*"Fontainebleau is designed to convey a feeling of delight, to provide a setting, away from home, away from daily cares, just for the pleasure of a great experience."*

To provide this experience, Lapidus broke away from conventions to create what he called *"an architecture of joy."*

He chose passion over formality, curves over straight edges, and hot colors over the traditional vanilla palette. Irony, surprise, wit, serendipity, coincidence, and whimsy were his tools.

Critics and academic killjoys were outraged. The public couldn't get enough of it. Eventually, the original Fontainebleau came to be recognized as a masterpiece of Modernist architecture, but it was always Modernism with an edge, and with plenty of humor and an abundance of art. Everything Lapidus designed or placed in the Miami Beach Fontainebleau is meant to delight and surprise.
