THE NATION'S VOICE FOR INFUSION PROVIDERS

# STRATEGIC PARTNERSHIP

2026

# WHO WE ARE:

National Infusion Center (NICA) is a nonprofit trade association and the nation's voice for non-hospital, community-based infusion providers that offer a safe, more affordable alternative to hospital care settings for provider-administered medications.

## WHAT WE DO:

- Preserve and expand patient access to non-hospital infusion providers.
- Reduce disparities in safety and quality standards across care settings.
- Protect providers' ability to sustain operational viability by identifying and overcoming internal and external threats.
- Protect the buy-and-bill model and ensure appropriate and sustainable reimbursement.
- Build relationships with key influencers and decision-makers who can bring value to providers, patients, and payors.
- Collaborate with stakeholders to develop all-win solutions to challenges that threaten access to infusion care across the country.
- Advocate for responsible medical benefit reform.

## WHY NICA?

NICA stands as a champion for standards of excellence, uncompromising quality and safety, and equitable access to life-changing biologic infusion medications for those who need it most. And we are determined to create a world where infusion centers — including ambulatory, physician office-based, pharmacy-based, and other outpatient care settings in which these medications are prepared and provider-administered — may serve as a safe, streamlined, and economically viable alternative to hospital settings. We infuse positive change to unlock the future of healthcare.
