THE NATION'S VOICE FOR INFUSION PROVIDERS

# INDUSTRY PARTNERSHIP

2026

# WHO WE ARE:

National Infusion Center (NICA) is a nonprofit trade association and the nation's voice for non-hospital, community-based infusion providers that offer a safe, more affordable alternative to hospital care settings for provider-administered medications.

## WHAT WE DO:

- Preserve and expand patient access to non-hospital infusion providers.
- Reduce disparities in safety and quality standards across care settings.
- Protect providers' ability to sustain operational viability by identifying and overcoming internal and external threats.
- Protect the buy-and-bill model and ensure appropriate and sustainable reimbursement.
- Build relationships with key influencers and decision-makers who can bring value to providers, patients, and payors.
- Collaborate with stakeholders to develop all-win solutions to challenges that threaten access to infusion care across the country.
- Advocate for responsible medical benefit reform.

## WHY NICA?

NICA stands as a champion for standards of excellence, uncompromising quality and safety, and equitable access to life-changing biologic infusion medications for those who need it most. And we are determined to create a world where infusion centers — including ambulatory, physician office-based, pharmacy-based, and other outpatient care settings in which these medications are prepared and provider-administered — may serve as a safe, streamlined, and economically viable alternative to hospital settings. We infuse positive change to unlock the future of healthcare.

# INDUSTRY PARTNERSHIP OVERVIEW

## OVERVIEW:

Becoming an Industry Partner of the National Infusion Center Association (NICA) provides organizations the opportunity to support and participate in NICA initiatives, events, and publications. Partnerships with all industry stakeholders are critical to achieving our mission and objectives. As an Industry Partner, you have a vested interest in the long-term success of infusion centers nationwide, and you will have a voice so you can remain highly engaged in the future success of the infusion center delivery channel.

Industry Partnership represents an ongoing commitment to supporting community-based infusion providers and the overall viability of infusion centers through annual general mission support.

## QUALIFICATIONS:

To qualify for an Industry Partnership, the organization must manufacture, sell, or distribute medical supplies and/or devices within the infusion industry. Industry partnership may also be considered for those who offer other products and services to infusion providers.
